# YOU made this possible...

**Because of YOU**, Gracepoint is able to positively impact the lives of more than 30,000 people each year seeking mental health, homeless, and addiction services.

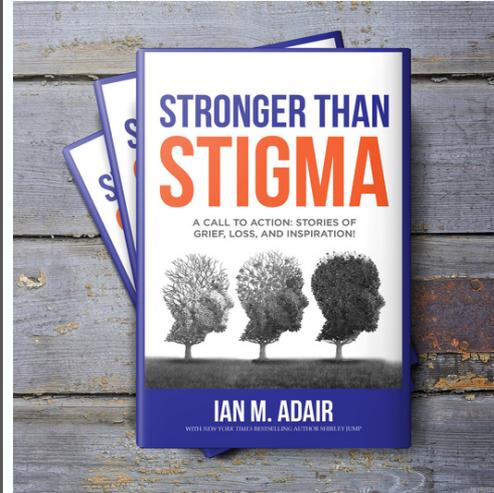

**This REPORT** is just a snapshot of our fundraising efforts and how support from YOU has made a significant difference over the last three years since the Foundation was relaunched in July 2017. A full report with special event highlights, program descriptions and outcomes will be available on our website **GracepointFoundation.org** in September.

**Our GOAL** is to raise awareness, financial support, and promote the mission of Gracepoint with individuals, corporations, and community partners. We are so appreciative of YOUR support of Gracepoint and our mission to help all people seeking to improve their lives through mental health, substance abuse, and medical services.

**THANK YOU** for joining the movement to end the stigma around mental illness, so those suffering can get the help they need! Only TOGETHER can we change the conversation around mental health and make addiction and mental health services a priority in our community.
